"Love is Priestess at the Altar of Truth" SH: 454:21

Dear Friends,

My name is Patrice Edwards and I am a member at 1st Church of Christ, Scientist in Burien. I am Journal listed, and write to introduce myself to you and your church community.

I am class-instructed and also a member of the Mother Church. My training and field work were completed at Sunrise Haven Christian Science Nursing Service in Kent. I currently work part-time at Sunrise as a nurse and have experience in bed care, wound care, special nursing needs, field nursing, mother-child care, and foods. Additionally, I have professional cooking experience and am very aware of the unique metaphysical requirements regarding nourishment. Also, I hold a Master's degree in public administration and have 20 years experience working with community service organizations.

I reside in Federal Way, and am available for home-care and visiting nursing service in the greater Puget Sound area, including Pierce and King Counties. I also travel for cases out of state. Cooking services are also available! Reach me at 253 945 0485 or 206 854 8068.

It is my joy to support the journey toward a fuller unfoldment of God's Presence. Please feel free to share my contact information with your church members, care committee, family, friends, assisted living facilities, boarding homes, Christian Science organizations, and Practioners.

In Love and Gratitude,

Patrice D. Edwards
